When did it become acceptable to hate Jews? At a time when anti-semitism is once again rising, indeed, becoming fashionable in some quarters, there is an event in Nebraska that aims to counter the hate.

**A Night to Honor Israel...** come to the event, **ISRAEL in the HEARTland**, and join an Egyptian-born former Muslim, who, through the grace of God, has become a follower of Jesus Christ, as he unequivocally supports and celebrates the nation of Israel.

Dr. Mark Christian, the founder and Executive Director of the Global Faith Institute was raised to share his father's white-hot hatred of the Jewish State and those who inhabit it. His father fought against Israel, and Dr. Christian himself is a former member of the Egyptian military.

The Midwest has been waiting for just such a man to host the very first pro-Zionist conference ever in Nebraska. This is an event to celebrate the inspirational story of the Jewish people and the gritty determination they have shown in establishing a beacon of democratic freedom in the Middle East against unrelenting opposition.

The night will feature an Israeli and Jewish ambience, with music and a Kosher Dinner.

We welcome many honored guests and speakers, most notably –

**Morton A. Klein**

*National President of the Zionist Organization of America (ZOA), the oldest pro-Israel group in the U.S., founded in 1897. Mr. Klein is widely regarded as one of the leading Jewish activists in the United States.*

**Roey Gilad**

*Israeli Consul General to the Midwest. From his base in Chicago, Consul General Gilad is responsible for 11 states. He is the highest ranking Israeli official in the Midwest.*

**Elly Gross**

*Holocaust survivor and acclaimed author. As one of the few survivors in her age group, Elly has devoted her life and words to helping people understand the horror of the Holocaust through her poetry and prose. She is a world-renown lecturer with a powerful testimony to life.*
